Get Ready to Show Fine Livestock In Hamlin On Saturday, February 15th

Herewith are a few of the Committees, Superintendents, Rules and regulations that will prevail in the 4-H and F. F. A. Livestock Show—County-wide, to be held in Hamlin Saturday, February 15th.

JUDGES

E. R. Eudaly, Dairy Specialist, A. & M. College, College Station, Tex. J. M. Bird, Soil Conservation Service, Stamford, Texas.

GENERAL RULES AND REGULATIONS

Exhibitors are requested to familiarize themselves with the general rules and regulations of the show and other rules and regulations in the classes and departments applicable to their exhibits.

OFFICERS OF THE 1941 SHOW

President—J. E. Moody, Hamlin. Vice-President—Louie Hardy of Stamford.

Vice-President—Douglas Triplett, Anson.

Vice-President—Craig Elmore of Hamlin.

General Superintendents—Floyd Lynch, Anson; R. S. Campbell, Hamlin.

Ground Superintendents—R. H. Campbell, Paul Bryan, Art Carmichael.

Beef Calf Superintendents—Joe L. Culbertson, Fed Britton.

Breeding Herefords and Groups of 3—Superintendents—John D. Ferguson, Kurt Schoemann.

Jersey Division Superintendents—Tom Teague, Elmer Feagan.

Fat Hog Superintendents—Arthur Albritton, Robert Johnson.

Breeding Hog Superintendents—Roy Gilbreath, Herman McBride.

Sheep Superintendents—John Ed Day, Bob Barrow.

Poultry Superintendents—Ivy Witt, Curtis Martin, H. W. Carter.

Parade Superintendents—Gordon Bennett, Hubert Morton, Clyde Smith, Marvin York.

Weight Superintendents—Alfred Hardin, A. Hudson.

Chuck Wagon Feed Superintendents—Starr Inzer, Roy McCurdy, Dick Low, Holey Toler.

Loud Speaker Superintendents—Ted Russell, Jerry Waggoner, Gordon Bennett.

Special Projects Superintendents—Ted Russell, Harold Bonner, Miss Gladys Martin, Anson, Texas.

RULE 1—This show reserves to its management the final and absolute right to interpret these rules and regulations and arbitrarily settle and determine all matters, questions and differences in regard thereto, or otherwise arising out of or connected with the show and the right to amend or add to these rules as its judgment may determine.

RULE 2—The boys will have to bring bedding for their calves. The animals will not be housed. Bring

your water buckets, combs, pitch forks, ropes, halters, feed, etc.

RULE 3—All animals entered, must be creditable. A Sifting Committee will determine this before or on the day of the show. Each boy entering an animal should get the approval of his County Agent or Vocational Agriculture Teacher.

RULE 4—All animals competing for prizes must be owned by Jones County 4-H or F. F. A. boys. Anybody having livestock which they would like to exhibit for publicity purpose may do so.

RULE 5—All Beef Calves and Fat Hogs are to be weighed in at the Pioneer Gin located 1-2 block west of the Santa Fe Depot at Hamlin. Weighing may begin by 6:30 and all animals must be weighed by 9:00 o'clock.

RULE 6—Animals that are not necessary to weigh and which will not be in the parade will be unloaded at the Old Home Lumber Yard, back of Day Hardware, where the show will be held. The superintendents of each division will show you where to unload and take your entry. If you do not know the weight of the Fat Hogs, then it will be up to the judge to determine the weight without further protest.

RULE 7—Beef Calves and Dairy Calves are to be lead in the parade which is to start at 9:30 promptly from the Pioneer Gin.

RULE 8—All 4-H and F. F. A. boys and leaders are to be guests of Hamlin Business men to a chuck wagon dinner, provided you are in the parade. You will be given a meal ticket as you form the parade.

RULE 9—Exhibits that have been erroneously entered may be transferred to their proper classes previously to judging upon application to the Superintendents of that division. If such classes have been judged, however, they will not be re-opened.

RULE 10—Judging—Judging will start at 10:00 A. M. in the order listed:

BEEF CATTLE

F. F. A. Beef Calves.
Beef Calves (County)
Lry Lot—Light and Heavy
Champion Dry Lot
Milk-Fed—Light and Heavy
Champion Milk-Fed
Champion Calf of Show
Reserve Champion Calf of Show
Best group of 3 animals owned and exhibited by one boy
Hereford Breeding Animals (Females only)

JERSEYS

Heifers under 6 months
Heifers 6 months and under 1 yr
Heifers 1 year and over (open)
Meifers bred
Heifers in milk (2 years and under 3)
Cows over 3 years old
Champion Female

Benham Dairy Quits Retail Milk Business

NOTICE TO THE PUBLIC:

This is to announce to the general public of Hamlin that after the 10th of this February I will no longer retail any kind of dairy products.

I am hereafter delivering all my production, wholesale, to the BANNER CREAMERY in Abilene.

At this time I take this method of thanking the many long-time constant customers whom I have served for the past 12 years. During those past years I have always tried to keep the best stock, provide the best milk products possible within the field we have had to work.

Circumstances in the sales of milk in this community force this change of doing business. In spite of our many costly improvements in dairy equipment and protection for health, a number of irregular milk peddlers on a small scale of one-two and three-cow families have operated till dairying on a safe and large scale here is no longer profitable. We have produced milk under protection from contamination from all kinds of filth and dangers, perhaps more than most people have realized.

If one cares to buy milk "a little cheaper" put out by uncertain persons amid dust, feathers and flies, you now have that privilege, as The BENHAM DAIRY will no longer compete with that kind of business.

We do thank all those who have so long patronized our dairy, in all kinds of weather and conditions.

Yours truly,

CLYDE BENHAM
THE BENHAM DAIRY

It Pays to take the Herald

MILK--

Announcement - -

—The Banner Creamery of Abilene, which is represented in Hamlin by the

Hamlin Ice Company

has made arrangements to take all the milk products of the

BENHAM DAIRY OF HAMLIN

— and the Hamlin Ice Company, which is under the management of Oliver Webb, will deliver any amount and all kinds of fresh milk and other BANNER products to private homes and to all business house customers in Hamlin. This delivery service will be at the command of Hamlin people any hour of the day.

Fresh Milk, Cream, Butter, Cottage Cheese

AND BUTTER MILK will be stored daily at our ice vaults, as demands require. The Benham Dairy will deliver its products in Abilene and bring back BANNER PRODUCTS to Hamlin every day.

AND REMEMBER, ALL BANNER MILK IS PASTEURIZED

Handwork Exhibit

Will Be Held Here
Saturday, Feb. 15th

In connection with the Fat Stock Show to be held in Hamlin, Saturday, February 15, an exhibit by Jones County women under the direction of Miss Gladys Martin, Home Demonstration Agent, will be held in the Carmichael Chevrolet building the same day.

Miss Martin urgently requests everyone to exhibit. Prizes will be awarded to the club or organization receiving the greatest number of blue, red and white ribbons. All clubs and organizations are invited to take part in the exhibits.

The following articles will be on exhibit: Bedspreads, Tufted or Crocheted; Quilts, pieced or appliqued; Pillow Slips; Trays and other crafts; Rugs and Cookies.

The 4-H club girls will exhibit luncheon cloths and ribbons and individual prizes will be offered.

Exhibits, except the cookies, may be turned in any time Friday, February 14, and can be taken away any time after five o'clock Saturday, February 15th. The cookies may be checked in between 9 and 10 o'clock Saturday morning.

Who do children leave home? Because they are hungry, or because they are cold, or because they have a Problem Father.— Junior Play, February 21st.

If you don't know all you think you need know about making out your Income Tax report, better see the deputy collector, Will H. Talbot, right today (Feb. 14, Friday) at the Hamlin Post Office.

Mr. and Mrs. Delma Shelbourne were here from Brownwood Sunday to visit with relatives and friends. They were accompanied by Lesley Shelbourne, who came to visit his wife and little son, who are spending several weeks in the home of her parents, Mr. and Mrs. Tom Routh. Both Delma and Lesley are engaged in construction work at Camp Bowie.

Boy Scouts to Banquet With Fathers Tuesday

Tuesday evening at 7:00 o'clock, the Hamlin Boy Scouts under the leadership of Goodson Sellers as Scout Chairman, Brad Roland as Scoutmaster, and L. H. McBride as Committeeman, Hamlin's 32 Boy Scouts and 26 Cubs, will banquet with their Dads at the Methodist Church.

Each boy is requested to bring a covered dish with something they and their Dads will enjoy, and all have a good time.

Rev. Dick O'Brien, the famous "funny man" from Stamford, will be their main speaker. From what the Herald hears, any boy who has a Dad who fails to laugh that night will be fined \$10.00 to go into the Scout fund.

Neinda Farmers Gin To Distribute \$11,000 Dividend Checks Sat.

This coming Saturday is February 8th, and it is ONE day that the customers of the Neinda Farmers Gin will not likely fail to visit the gin office.

Saturday, Manager F. W. Poe announces that the directors will issue \$11,000.00 in dividend checks to the farmers. This is a nice little sum to round off the tail end of the cotton season. It will be like getting money from Santa Claus. It is like recovering something valuable after one has dropped it in some inaccessible place.

Mr. Poe says that the gin plant is in good shape, and besides the \$11,000.00 for the customers, they have bought a new drying machine for drying seed cotton, and that they have a creditable and safe sum of money in reserve to meet emergencies.

This gin has had 13 years of farmers management, and Mr. Poe has been with them for 12 years.

Their cotton ginning is not yet over for this 1940-41 season, and a considerable amount will yet be received and ginned.

Miss Maggie Peel is spending several days visiting with her aunt, Mrs. O. G. Ebert. She will likely accompany her aunt, Mrs. Eddie Callahan, back to her home in Oakland, Calif., after visiting Mr. and Mrs. Cling Hudson at Coleman.

Editor Will Gay of the Moody Courier, came up Saturday to visit his parents, Mr. and Mrs. J. W. Gay over Sunday. He returned Sunday night.

Miss Virginia East, a student in Hardin-Simmons University, spent the week end here visiting her brother, the Rev. H. E. East and family.

Hamlin's Little Railroad Hauled 281 Carloads In January

Maybe some have forgotten that Hamlin still has three railroads and she has for a fact.

The shortest and most prosperous railroad in Hamlin as far as local freight is concerned, is the "Hamlin & Northeastern Railroad." This road extends from Hamlin northeast to the Double Mountain Fork of the Brazos River, where is located the famous sand and gravel works. The General Manager of this road is F. L. Martin. The General Freight Agent is T. T. Brady.

During the month of January this railroad hauled out and delivered to the Santa Fe and the M. K. & T. in Hamlin, 281 loaded cars of washed sand and gravel, most of which went to the army camp at Abilene. Reports are that the big plant has about caught up with orders now and will again accumulate a vast amount of washed material for other probable jobs.

Jimmy Dunlap's Store Had Small Fire Sat.

About 2:00 o'clock Saturday morning somebody discovered an unusual light in the front part of James Dunlap's Clover Farm Store. The alarm was given and by quick work a bad fire was nipped in its infancy.

Indications are that the fire started in some boxes beneath or about the cash register, which was just back of the delivery counter. A lot of shelving for various kinds of tobaccos were burned. The smoke blackened the walls and ceilings to some extent, but the amount of merchandise damaged might be considered slight.

The Saturday's sales were perhaps hindered by the fire and the workmen replacing the front door glass, which was broken to permit the fire boys to get to the blaze with the chemical machine. It was just a fortunate thing that the fire was discovered for the building is so located to develop a big fire in that block.

Richard Feagan, a student in the University of Texas, spent from Thursday until Sunday here with his parents, Mr. and Mrs. Elmer Feagan.

Don't be too quick to judge your neighbor. Take an inventory of your self. You may have some fault, too.

Private First Class O. O. Conner, a member of the Regular Army Reserve, was called back into service Tuesday of this week. He reported to Ft. Sill, Oklahoma. Conner has served eight years and has been on the reserve for nearly three years. Conner says he is at a loss to understand why so many of the reserves, about 38,000 men, are being called back.

To My Friends:

To my friends in Hamlin and surrounding territory, I want to thank each of you for every assistance and the business you were giving me while I was trying to get my little business and my law practice started. I appreciate everything. Now I am called away, but if there is any business you feel like giving me in the way of insurance, I will appreciate it. Please turn it in to Miss Dorothy Gardner at the office and she and my Dad will see that it is taken care of in a safe and proper manner..

What DO YOU Think?

0-0-0-0

EDITOR HUSTON—In Stamford AMERICAN—

THINKS "HARD TO SWALLOW"

"We receive in our mail regularly a weekly pamphlet issued by the German Library of Information in New York City. It is strictly a Nazi propaganda sheet, glorifying the Hitler system and heaping criticism upon Great Britain. It goes against the grain to see such a thing distributed through the mails in the United States, filled with lies and half-truths, but what can anyone do about it? Criticism of the United States or its government seems to be studiously avoided. There is no effort to interfere with the American defense program or to meddle in the affairs of our country. In fact it is a pretty effective piece of propaganda—if American people were dumb enough to believe it."

?—?—?

DEAR Neighbor Editor—Those Germans are pretty sharp in not saying anything in their sheets to offend our "mails." We have been retaining the propaganda sheets to compare them with events that have passed and yet to come. The more we learn the better we can protect ourselves—but it is impossible to believe all the Germans print and picture.

?—?—?

OIL FIGHTS OUR BATTLES—

Yes, this is the "Oil Age" and this is a war of oils. Maybe The All-wise Providence secreted the bulk of the world's oils within the bowels of a nation that would honor Him with it. May every barrel, pint and drop of American oil, of Texas oil, be used to the betterment of all peoples of the world. This is a day when OIL is our greatest asset. It is our greatest defense item, it is more precious than gold, for without oil and plenty of it, this age of machines would be impossible. And machines are either mankind's best friends or its worst enemy.

In this week's Herald is a new Oil Advertisement. It is designed to give Texas people a feeling of assurance that whatever comes there will still be oil, oil and plenty of oil for every need without stint. Yes, "Texas IS Ready" and yet, there are more and more and more "valves" to be opened with a slight turn.

Oil will make men free or help

enslave them. Oil and its products in machines have accomplished more in one-half century than the muscles of humanity has been able to do in many centuries. Let us all be proud of our oil, and let's remember it takes fortunes in money to find and develop oil in "Texas proportions." It is the "golden egg" of our economy and good statesmanship will do most well not to impose too heavily on the goose that lays it.

?—?—?

WE THINK there is a lot in Hamlin that could be done to improve looks, health and satisfaction. It's not all finished yet, by a jug full. Somebody must think, somebody must argue, somebody must do.

?—?—?

HITLER vs. LEND-LEASE

Apparently Adolf Hitler is as much opposed to effective American aid to Britain as are Senator Wheeler and Colonel Lindbergh. But his opposition is less effective. Talk of torpedoing "every ship that comes within reach" is likely to stiffen rather than soften American opinion. Indeed, the Foreign Affairs Committee of the House of Representatives seems to have removed any potential convoy authority from the lend-lease bill despite rather than because of the Hitlerian harangue.

So says CHRISTIAN SCIENCE MONITOR.

Miss Nora Koren is in Eden this week visiting Miss Hazel Robbins.

Calvin Smith, Jr., has gone to Austin to resume his work in the University of Texas.

Mrs. Eddie Callahan of Oakland, California, is visiting her sister, Mrs. O. G. Ebert and husband.

Mrs. J. W. Fomby, who is in the Stamford Hospital, is reported improved, and will likely be able to return to her home the latter part of this week.

Mrs. Gerald Morgan and Miss Edwina Gilbert returned Tuesday from Fort Worth and Dallas where they had visited since Sunday. Monday evening in Fort Worth they attended a concert by Marion Anderson, the famous negro singer.

"America Calls Her Men"

(By John Brandon Pope, Anson)
January 20, 1941

The Herald is glad to present in permanent print, this week, the impressions of a Jones County "Selectee" who was called last week into military training channels.

The fine expression was made at Anson, Monday, January 20, by John Brandon Pope, who was asked to speak at the program for the 25 Jones County men who were leaving for Dallas to take their physical examinations.

America has called out her men. And we are answering that call as are thousands of others like us. From the high hills and the level plains, from the metropolitan skyscraper to the village store, from high places to humble tasks, from every walk of life the young men of America are lining up in answer to the challenge of another philosophy and creed—the reply of free men to the taunts of totalitarian tyranny.

Yes, we are lining up—not to ask America for something. There has been too much of this in the past. We are lining up to give to America something—the best that we have. A year of our lives and perhaps more.

These are times which trouble the mind and try the soul of man. Confusion and chaos is found throughout the world. Nations fall—and bury the freedom and happiness of their people beneath their ruins. Others even now are in the death grapple with invaders who would destroy their system of government, their freedom, their very lives.

America stands today as an oasis in the desert, as the last citadel guarding the hopes and aspirations of free people, as a refuge from the storms of prejudice and greed. Our own United States of America—the finest nation on earth—has lost battles, but never a war. It has known hardship—but never defeat. It has faced danger—but never lost courage. We must have no cause to doubt this nation of ours—no cause to doubt its strength, its powers, its ability to defend its heritage and build its future.

Americanism must survive. Our government must continue to be a government designed primarily to protect the rights of the individual man, the right to live the life he wants to live, to be educated when and as he wants to be educated, to engage in those occupations in which he desires to engage, free from any system of social caste or governmental dictation. It must continue to be a government where religion is respected and the right of religious freedom is guaranteed. It must be a government where the right of free speech and the right of a free press are never to be questioned.

American democracy has given us the fullest, the freest lives of any people in history. Democracy has given and given to us. Now the time comes for us to give to democracy.

This America of ours—this American way of life—this glorious past and purposeful destiny—this is a cause worth fighting for. This is a sacred shrine to defend with all our strength, our fervor, and our zeal.

Yes, today is a day of anxiety. Through no fault of our own, from no failure of which we are aware, we find ourselves face to face with the fiendish threat of war—of fighting and fury—of a world gone mad.

Man is man's worst enemy, said a philosopher of old, and in this day of tumult and strife we find men—lustful men and greedy, men aflame with the passion for power—threatening the orderly processes of life; invading the native lands, the homes, the lives of other men; wreaking a ruthless vengeance, punishing those on whom there is no blame; destroying that which is innocent of wrong.

Whatever doubts we have as to the decency and political morality of these despots who deal with destruction and death—these men who violate the lands of their neighbors—who subjugate people against their will—who rob men of their possessions and enslave those once free, who bring ruthless terror and destruction to those against whom there is no charge but that they would worship their Almighty God in accordance with the dictates of their own conscience—however much we condemn the Ethics of such men, we do not doubt their efficiency; we do not question their cruel cunning, the clever functioning of their misguided minds.

If we in America are to face the future with that assurance which springs from the knowledge of power—if we are to present such a solid front that the enemy will not challenge our might—if we are to build a fortress so high, so strong, so

sure that none will dare assail it, we must look to our armor—strengthen, our supports, and build well our defenses.

Up until recently national defense has been only a topic for our talk—a matter for the attention of our minds. But in the days to come, it will begin to affect our everyday standards of living—to direct the courses of our very lives.

Yes, we twenty-five men who will leave you in a very few minutes are answering the call of America—the call to shoulder arms if that be necessary—we are answering that call with the courage of the pioneers—with the vision of those who founded our land—and the devotion of those who have defended it in the past.

It is not without sacrifice that we are interrupting careers already begun, stepping away from opportunities that we may never have again in life—separating ourselves from jobs and homes and loved ones. But we go, without looking back, to answer the challenge that is ours.

In going I am wondering if we, the selected manhood of America, do not have the right to ask a few questions man to man of you who we leave behind. In times like these is it not fair for us to expect of every man, woman and child, regardless of his station in life, that first and foremost he resolves to consecrate himself to the salvation of the nation. No personal dislikes or disputes, no petty jealousies, bickering and greed should stand in the way of our endeavor to make the government function and to protect the freedom which constitutes the bulwark of our national being. Whatever our capacity for service, our ability for accomplishment, our influence for good—all now belong to the America, that we love. We could well fill every American home and every American school room with the living spirit of American Democracy, with belief in our God, with belief in ourselves, with belief in one another, and with belief in our country and its future.

As engineers of our own society, we can examine our surroundings, test, our strength, correct our weaknesses. With searching scrutiny we can subject all about us to the fierce light of truth and see if it passes, the test which safety and security demand. We can approach each new day—each new hour alert and alive to the precious privilege of having a part, be it small or large, be it humble or great, a part in the appointed task that is ours in these times of crisis, when dangers threaten from without, when uncer-

tainly and fears enter into our thinking, when minds become confused and hearts anxious, our will, our resources—mental, physical and spiritual—to go forward, united to solve the common problem, to meet the common foe.

We are all Americans—the people of a free land—a land which cost much, and is worth more; a land for which we paid in toil, in tribulation, in the very life blood of our forebears. To preserve it, can we give less than they gave to obtain it? Can we falter—can we fail—can we abandon the blessed gifts which patriotic zeal and sacrificial service bestowed? We twenty-five men who stand before you are giving you our answer to that question this morning.

In closing I quote the remarks of the Commander-in-Chief of our Army and Navy.

"And a nation, like a person, has something deeper, something more permanent, something larger than the sum of all its parts. It is that something which matters most to its future—which calls forth the most sacred guarding of its present."

"It is a thing for which we find it difficult—even impossible—to hit upon a single, simple word."

"And yet, we all understand what it is—the spirit—the faith of America. It is the product of centuries. It was born in the multitudes of those who came from many lands—some of high degree, but mostly plain people—who sought here, early and late, to find freedom more freely."

"If we lose that sacred fire—if we let it be smothered with doubt and fear—then we shall reject the destiny which Washington strove so valiantly and so triumphantly to establish. The preservation of the spirit and faith of the nation does, and will, furnish the highest justification for every sacrifice that we may have in the cause of national defense."

"In the face of great perils never before encountered, our strong purpose is to protect and to perpetuate the integrity of democracy."

"For this we muster the spirit of America, and the faith of America."

"We do not retreat. We are not content to stand still. As Americans, we go forward, in the services of our country, by the will of God."

Charles Prater and Thomas Williams took a short rest from study at A. & M. College, and returned to Hamlin to spend Saturday and Sunday with home folks.

Income Tax Notice

Due to the lowering of the personal exemptions of single individuals from \$1,000 to \$800 and for married couples from \$2,500 to \$2,000, the Deputy Collectors of Internal Revenue for the Second District of Texas will be required to assist a much greater number of individuals in the preparation of 1940 income tax returns than ever before.

Under existing regulations set forth by the Commissioners of Internal Revenue, no Deputy Collector of Internal Revenue is required to prepare any income tax returns. He is only required to advise with taxpayer relative to items of income and deductions to be included on the returns.

In order that the Deputy Collectors of the Second District of Texas shall be able to assist as many people as possible during the coming income tax filing period, it has become necessary that their assistance be limited as follows:

1. No corporation, estate or gift tax returns will be prepared. Only advice will be given relative to the filing of these classes of returns.
2. No complicated income tax returns disclosing income from various sources in excess of \$10,000.00 will be prepared.
3. No return will be prepared for any individual who does not have available all complete information.
4. No individual return will be prepared which requires additional schedules (such as stock market transactions). In no instance will any schedule be prepared.

W. A. THOMAS, Collector

Be Quick To Treat Bronchitis

Chronic bronchitis may develop if your cough, chest cold, or acute bronchitis is not treated and you cannot afford to take a chance with any medicine less potent than Creomulsion which goes right to the seat of the trouble to help loosen and expel germ laden phlegm and aid nature to soothe and heal raw, tender, inflamed bronchial mucous membranes.

Creomulsion blends beechwood creosote by special process with other time tested medicines for coughs. It contains no narcotics.

No matter how many medicines you have tried, tell your druggist to sell you a bottle of Creomulsion with the understanding you must like the way it quickly allays the cough, permitting rest and sleep, or you are to have your money back. (Adv.)

TEXAS IS READY!

Give that valve a quarter turn, Old Man Texas, when Uncle Sam needs the oil for national defense

With the pioneer spirit typical of Texans, our oil men have found and developed petroleum reserves far beyond all civilian and military needs now indicated.

Even if defense requirements total 150 million barrels more a year, Texas can supply them without waste by a quarter turn of valves on wells already drilled. This can be done at a moment's notice without depriving anyone of a single gallon of gasoline or quart of motor oil. Surplus pipe line capacity is ready to carry all this oil from the fields. Surplus refinery capacity exists to turn it into essential products.

Texas goes ahead in the search for more petroleum reserves. New fields are being found... more efficient producing, refining and transportation methods are constantly being perfected. . . . TEXAS IS READY!

TWO DIRECTIONS
FOR FARM INCOME

DESPITE THE EFFORTS at crop limitation for the purpose of increasing the national farm income by an increase in farm produce prices, and including all government payment of bonuses of all kinds, the total farm income in the United States was not as high in 1940 as it was in 1937, but was a trifle better than in 1938 and 1939.

In 1940 the total farm income was just under \$9,000,000,000, about \$1,383 for each of the approximately 6,500,000 farms in the nation.

The future of the farm income in this country lies in two directions. One is increased production of the farm products we can, and do to some extent, raise in this country, but which we now import to the extent of about \$1,500,000,000 each year, and a protected market for such products. In that list there are some 60 items American farmers can raise if properly encouraged to do so.

The other opportunity is the development of a greater use of farm products in manufacture. Private enterprise has in the past, and will in the future, develop such uses if industrial laboratories are permitted to operate without too many obstacles. American farms can, as in the past, produce our food, and will in the future produce much of the raw material needed in manufacturing.

ALASKANS VIEW RUSSIA,
JAPAN, WITHOUT FEAR

BRONZED, weather-beaten John Friedland is an old Alaskan sourdough, typical of the he-men who have for many years braved the rigors of the far northland.

John Friedland knows Alaska from the far western tip of the Aleutian islands to the farthest north Point Barrow. For the first time in 35 years, old John recently made a trip to the States and I had an opportunity of a visit with him.

He told me that people of Alaska—the hardy prospectors, miners, trappers and pioneer farmers—have no fear of aggression on the part of Russia, and they have only contempt for Japan, looking upon it as a nation of poachers. He said the building of government air fields was welcomed, not as a defense measure, but as a means of improving air transportation in the territory. Without armed protection, Friedland said he thought these new air fields would prove quite as convenient a landing place for other planes, if any, as for the American planes.

But John Friedland had his full measure of Alaskan optimism and was fearful of nothing, unless it might be a reduction in the price of gold, which, if it came, would prove disastrous to Alaskan mining. He came to the States, traveled as far east as Chicago for a visit with old friends, stayed three days and then departed by plane for Candle Creek, Alaska, on the Arctic coast, so he might have his big dredges ready for operation with the first glimpse of the summer sun.

WHO PAYS? NONE OTHER
THAN WE, THE PEOPLE

CONGRESS WILL MAKE an effort to find more revenue for the federal government by enacting new tax laws. The tax on America today as levied by municipal, county, state and federal governments takes 30 cents out of each dollar earned by the American people. And we all pay our proportion, whether or not we receive a tax bill.

If you rent a house, you pay the landlord's taxes. They are included in your rent bill. If you buy a suit, about 25 per cent of the price is taxes. The same is true of any food you buy, or any other article of merchandise purchased. If you smoke cigarettes, you pay a federal tax of six cents on each package.

The government collects from the manufacturer and the merchant. They add the taxes to the price of what they sell, and pass it on to each one of us who buys their products.

In the end, it is not the rich who carry the burden of taxes. It is the average American—the men and women who work for wages, who maintain homes and who support families.

Corporations are supposedly heavily taxed, but if they could not, or did not, pass the taxes along as a part of the price of their product, they would soon be broke and millions would be without jobs.

We average Americans pay the cost of government through the things we buy, and the politicians cannot fool us by sending our tax bills to us.

WILL THEY WAIT?

WE NOW HAVE a navy of 321 fighting ships of various kinds, all in commission. We have on the way or "on order" a total of 368 additional fighting ships which, if the defense program does not bog down, will be ready by 1947. That is supposed to constitute a navy capable of defending all American coasts at the same time—enough ships to defeat Hitler, Mussolini and Japan, should they all attack us at the same time, and if they wait another six years. Will they wait?

I GIVE YOU
TEXAS

(By BOYCE HOUSE)

A MAN'S PRAYER

Let me live, O Mighty Master,
Such a life as man should know,
Testing triumph and disaster,
Joy—and not too much woe.

Let me run the gamut over;
Let me fight and love and laugh
And when I'm beneath the clover,
Let this be my epitaph:

"Here lies one who took his chances
In the busy world of men;
Battled luck and circumstances,
Fought and fell and fought again;

Won sometimes, but did no crowing,
Lost sometimes, but did not wail;
Took his beating, kept on going,
Never let his courage fail.

He was fallible and human,
Therefore loved and understood
Both his fellow men and women,
Whether good or not so good,

Kept his spirits undiminished;
Never false to any friend;
Played the game until it finished:
Lived a sportman to the end."

—Author Unknown

Judge James D. Hamlin of Farwell, whose tall form, gray hair and big, white hat make him outstanding in any group, is executive vice-president of the Texas Real Estate Association, Property Owners Division, and he hurls these pertinent questions:

"Do you know that real estate is paying over 60 per cent of our tax burden, state and local?"

"That such tax bill is approximately \$224,000,000 and that real property pays \$136,000,000 of this sum?"

"That, if taxes were properly equalized, real property would pay only \$56,000,000?"

"That property owners are paying every other nature of tax, in addition to ad valorem taxes?"

"That the cost of operating the State government has increased 100 per cent during the last 20 years while population has increased only 40 per cent and taxable wealth only 43 per cent?"

If readers of this column are interested in what the "I Give You Texas" fellow talks like, tune in on Elbert Haling's Suburban Editor program almost any Sunday, 10:15 A. M., over WBAP, and your curiosity will be gratified.

Citizen—My car was insured with your company, and it's smashed to pieces. How much money are you going to pay me?

Insurance Adjuster: "We won't pay you any money, but we will replace your car."

Citizen—"Well, that's all right in this case. But if that's the way you do things, I want to cancel the policy I have on my wife."

NO MORE DARK

Real farm people are the actors in POWER AND THE LAND. Here is Bill Parkinson, the father of the farm family whose life without the modern benefits of electricity is described in the early portions of the film. Later, the Parkinsons and their neighbors, actual farmers, too, and Bill's real neighbors in life, band together to bring electric power to their community and farms. (Lower Right) Now the flip of a switch does it—Bill Parkinson tries out his new power.

BOYD CHAPEL CHIRPS

(By Mrs. Albert Haught)

Bobbie Crow went to Lubbock last week to enroll as a student in Texas Tech.

Mrs. Theron Bingham visited her parents, Mr. and Mrs. Terry Brown near Anson Saturday.

Mr. and Mrs. J. P. Cornelius and Filena Kelley visited Robbie Cornelius, who is working at Seymour, Sunday.

Mr. and Mrs. Terry Brown of near Anson visited their daughter, Mrs. Theron Bingham, Thursday of last week.

Mr. and Mrs. Albert Haught and Virginia Cozzen spent Sunday with Mr. and Mrs. Killen of Rotan.

Bobby Fail, a student in Hardin-Simmons spent a part of last week with his parents, Mr. and Mrs. H. C. Fail.

Little Tressie and Fay Gene Taylor are on the sick list.

Miss Frances Coffman spent the week end with her parents in Abilene.

Mrs. Albert Haught spent Tuesday with her sister, Mrs. Vaden Lester of Neinda.

WISE CHAPEL NEWS

By Catherine Drake

Mr. and Mrs. David Whitaker are the happy parents of a big boy, born February 1st.

Mr. and Mrs. Junior Patterson of Flat Top spent the week end with their parents, Mrs. Patterson, and Mr. and Mrs. Tom Neill and family.

Charlotte Riddle spent Tuesday night with Mr. and Mrs. C. C. Renfro.

Mr. and Mrs. Roy Cooke and family of Point, Texas, are visiting her brothers, the Jobs. Mr. Cooke is trying to get work at Abilene.

Mr. and Mrs. Joe Bonds and Mr. and Mrs. Joe Bonds, Junior, visited Connie Drake and sisters Sunday night.

Mr. and Mrs. Curt Pennly spent Monday with Mr. and Mrs. Ralph Riddle and family.

We are sorry to report that Joe Edd Jobe and Robert Whitaker are on the sick list. There may be others we just don't know about.

Mmes. Ralph Riddle, Alton Hewitt and Watt Fletcher were co-hostesses Wednesday afternoon when they entertained at the Riddle home, with a bridal shower for Mrs. Joe Bonds, Jr.

Guests were welcomed by the hostesses and directed to the register. A pretty handmade bride's book in charge of Miss Eloise Riddle. Miss Earnile Lee Bailey and Miss Eloise Riddle brought a pretty box decorated in blue and pink and loaded with lovely gifts which they presented to the honoree, Mrs. Bonds.

They served a plate holding angel food, and devil food cake and hot chocolate.

Mrs. Will Fomby was carried to the Stamford Hospital last week. Here is hoping she will soon be back home.

Mr. and Mrs. W. H. Collins, of Brownfield, were here Tuesday to attend to business and to visit Mrs. Collins' sister, Mrs. Vera Nobles.

World's first diesel freight locomotive—Just put in service by Santa Fe Railway.

The powerful freight Diesel on its first regular run will pass over the Santa Fe lines in the Southwest on February 6 and 7, arriving at Belen, New Mexico, on the latter date. It is expected by railroad officials that the initial run will be viewed by tens of thousands of adults and school children as it represents a new era in freight transportation. The locomotive is 193 feet in length and is divided in four sections so as to permit curve rounding.

TELEPHONE
FOREMEN

are never Hired!
...they come up
from the ranks

In the telephone business, the people at the top all started at the bottom. The managers, chief operators... even the presidents... began as clerks, groundmen or operators.

"Promotion from the ranks," means that your service is super-

vised by men and women whose "know how" is backed by long experience.

And that is one reason America's telephone system marches steadily forward... furnishing fast, dependable, low-cost service to the nation.

SOUTHWESTERN BELL TELEPHONE COMPANY

CONGRESS GAVE UP POWERS IT SHOULD HAVE RETAINED

BACK IN 1917 AND 1918 our senators and representatives, under the plea of national emergency, evaded some of the duties of their job and their responsibility by turning over to President Wilson some of the authority which should have been exercised by congress. The authority transferred to President Wilson at that time has never been recalled and is today wielded by President Roosevelt.

During the past eight years, congress has been abdicating as the law-making part of our American government. Bit by bit our senators and representatives have turned over more and more authority and responsibility to President Roosevelt, until today they have loaded him with authority for the making of nearly all the really important rules, for the administration of the rules he makes, and for their interpretation.

President Roosevelt could not, and did not, grasp these powers and responsibilities. Congress conferred them upon him as an easy way of getting out of the job senators and representatives were paid for doing, and as an easy way of evading their responsibility.

KING BUT A SYMBOL, PRESIDENT HAS POWER

"I HAVE no authority. I am but a symbol. I am to the British people what your flag is to you Americans, while the President of the United States has more authority than any other man in the world today."

That statement was made by King George V to a small group of American newspaper men, of which I was one, in September, 1918. It was in response to a complimentary comment made to the king by the late Edgar Piper, then editor of the Portland Oregonian.

The statement was true as to the authority of President Wilson. It would be doubly true today if applied to the authority of President Roosevelt.

SOLD OUT

TO ME it seems we have sold our birthright of democracy for a mess of relief porridge.

And the responsibility lies with a majority of those men, a majority we Americans sent to Washington as senators and representatives. Congress sold us out.

JUICY RELIEF

EACH of the two or more million soldier boys who are being called to the colors are to drink eight ounces of orange juice every day. Because of that simple edict, there is rejoicing in California, Florida and Texas. Citrus growers have previously been overlooked in the distribution of government subsidies and relief. Now the soldier boys come to their rescue.

EACH TO HIS TASTE

THE WILDEST wild animal I know is Clyde Beatty, the wild animal trainer. Any man who will deliberately lock himself in a cage with 40 savage, snarling, fighting African and Bengal cats—lions and tigers—must be wild.

Before Clyde and Harriet Beatty, Clyde's charming little wife, were married, Harriet was a trapeze performer, but after their marriage, Clyde would not permit her to continue any such dangerous vocation. If she insisted on working, it must be at something which would keep her out of harm's way—something as mild as animal training. So today Harriet does her own little stunt with elephants, lions and tigers, and Clyde sleeps better at night.

IT IS GONE

BECAUSE of the action of congress, for better or worse, the United States is today, to all intents and purposes, a totalitarian state with "one man rule."

What our future philosophy of government may be, time only will tell. It may be state capitalism, or state socialism, or communism, but the democracy and the American system, under which we have grown great, the democracy provided by the Constitution, is gone.

NOT ONE-SIDED

FROM JUNE 18, 1940, to January 1, 1941, German blitzkrieging in England resulted in the killing of 23,081 English civilians, men, women and children. In a two weeks' scrap in Africa, the Australian Aussies accounted for more than four times that number of Italians, who were killed or captured. Evidently it is not an entirely one-sided war.

JAPAN HAS HANDS

IF WAR between the United States and Japan should come, it will not be of Japan's making. The little brown brother is not looking for trouble with any major power, at least until some years after he has patched up a peace with China.

SERVICE

FOR EACH one American who objects to serving in the armed forces of the nation for a year, two or more are clamoring for an opportunity to do so.

PIPING FOR THE PIPERS

1940—41—

(A Corner For Hamlin Hi)

—School News of The Week

THE PIPER STAFF:

TURNING A NEW LEAF

By Clara Spratlen

Since the mid-term exam worries are gone and the much dreaded report cards have been returned to the office, the students are ready to turn a new leaf. Some students made high averages; some barely passed; some failed. Now that our slates are clean, we should turn a new leaf and try to the best of our ability to keep the sheet clean. There will be some students who are content to stay in the same old rut saying, "I'll be doing well if I pass," or "Lend me your English paper," but it is for the good of each individual to do his very best. Those who say, "I can" or "I'll try" are the fellows who will be the successful leaders of tomorrow's America. So, students study hard, prepare the daily assignments, and show what's in you and what you can do. Let us raise the standard of good old Hamlin High!

THE SNEAKER

Some of the little Fish seem to have been bitten by the little love bug, also. It seems as though Larry McCoy spends most of his time in the fifth period writing in memory books.

The romance of Feagan and Sellers, which began way back there last year, is still going strong. Every afternoon Elmer carries her books to a certain place, then gets his car to take her the rest of the way on home.

When Ruby Herr went to mail a letter recently it cost her nine cents. Gee, she must have had a great deal to say to the person she was writing.

Julia Pitcock still hates that song "We're in the Army Now." I wonder why?

Jimmy Scarborough is finding it harder than ever to pass his plane geometry these days. Could a cute little black headed Fish who sits across the aisle from him in the 5th period study hall have anything to do with it?

Do you know what Dub Wilemon does after school hours? Jerry Moore can tell you! Just wander down to Moore's Cafe about four-thirty and you'll find them so deeply engaged in conversation they completely ignore your presence. Has the love bug finally bitten Dub?

John Henry Vaughan still patronizes the freshman class. Love must be wonderful.

The girls of Hamlin don't seem to like the idea of the Hamlin boys' going to Anson. Well, girls, there are some really cute boys there too, for instance, Billy Hawkins.

WHO'S WHO IN THE

JUNIOR PLAY

Bill Harbert has the leading part in the Junior play, "Problem Father." He is the father, Sheldon Tupper Wentworth, who is a writer with quaint, eccentric habits. In spite of his many peculiar ways, he is a very lovable person.

Bill has lettered two out of the three years he has played football. During his sophomore years he was vice-president of his class.

Inez Joiner is the wife, Mrs. Emily Wentworth, who is attractive, sympathetic, and level-headed.

Inez is one of the Junior beauties and was sophomore queen in 1940, and a "lady in waiting" in 1941. She enjoys cooking and sewing.

Milton Fletcher plays the part of the sixteen year old son. He is very good-looking and simply rebels against his father's eccentricities.

Milton is president of the Junior class, treasurer of the Junior Schubert Club, librarian of Glee Club, Custodian of the Band, and he enjoys tennis, as a hobby.

Bettye Abbott plays the part of "Babs," the pretty fifteen year old daughter. She is quite bewildered about her strange father.

Bettye is pretty and attractive. She has just become a member of the Sub-Deb club and enjoys singing, dancing, and football.

Craigolene Elmore plays the outstanding part of Mrs. Bywater, the grandmother, who is Emily's mother. She is sixty, well-preserved for her age but seems to be a testy old lady with a cutting wit, but she is really kind hearted.

Craigolene was quite popular for her tapping during her freshman

year. She takes an active part in the Press Club, and is a member of the Junior Schubert Club, likes music, dancing, skating, and good books.

Mary Nell Bell plays the part of Lulu, the maid of the Wentworth family. She is between thirty and forty and finds life very complicated. She is excitable and nervous but always means well. Regardless of what she wears, it somehow looks ludicrous.

Mary Nell is one of the leaders of her class. Every good movement is supported by her keen interest and enthusiasm. She is reporter of the Junior class and won an honorable mention in the Good English Poster Contest this year.

FOOTBALL CHAMPIONS

RECEIVE AWARDS

The assembly program on January 24 was one to be remembered always. The Glee Club opened the program by singing "Stay As Sweet As You Are" and "Vagabond Lover." Mr. G. R. Bennett then presented awards to the football champs of district 10-A. The awards were beautiful green and white reversible jackets and grey and green slip-on sweaters.

Those who received the jackets were Coach Marcus Smith and Asst. Coach J. M. Grigg, Captain R. A. Dean, Co-captain Alvin Johnson, all-district Bobby Barrow, all-district Jack Ellison, W. A. Brown, Dub Wilemon, S. C. Ferguson, R. M. Petty, Lofton Brown, Bill Harbert, Gailord Benham, and Tommy Hill. Earl Smith, Don Coles, G. W. Turner, Carrol Norman, Everett Ellison, and Manager G. W. Nichols received sweaters.

PIPERS' BASKET BALL TEAM

BOWS TO MERKEL

The Pipers started off wrong in their beautiful new basket ball suits by losing to the Badgers from Merkel in a hotly contested battle at the Pipers' Gym last Tuesday night. Those who witnessed the game saw Carol (Peavine) Benson, former Pied Piper, bring a bunch of lads from Taylor county who really knew their basket ball. For the first quarter, the Hamlin lads kept the pace that the Badgers set; but in the second quarter, the golden-clad boys began to pull away from our boys. At the end of the first half, the score stood, Merkel 17, Hamlin 10. Undaunted by their opponents' success in the first two quarters, the Pipers came back on the flood with blood in their eyes. With smooth ball handling, the Pipers narrowed the lead to one point. At the starting of the fourth quarter, the Hamlin lads tied the ball game up, but all their hard work was to no avail. With Milton, flashy right forward of the Merkel aggregation staging a one-man riot, the Merkel club went into the lead. From there, it was all Merkel, for Milton couldn't miss the bucket. He hit them from all angles. He probably could have, the winner, and brother, that is had tried. He tabbed 17 points for the winner, nad brother, that is plenty of points in anyone's ball game. Dick Kelly, and R. A. Dean showed up well for the Hamlin club.

Folks, come out and see your boys play this game of throwing a ball through a hoop. It is really a scientific game. Your team guarantees you that it will provide you with plenty of thrills.

JUNIOR PIPERS BAG WIN

The Junior Pipers marked up their third win of the season as they defeated the Merkel Juniors by a score of 23 to 6. This lopsided score shows you that your future Pipers will really be potent. Led by Joe Sam Gray, the Pipers took an early lead and were never threatened. At the end of the third quarter, Coach Smith sent in his Junior ragnots, and they gave the crowd many a laugh with their football tactics. All in all, these Junior Pipers are going to make you proud of them in a couple of years from now.

Good sportsmanship is one of the essential qualities of high school training that doesn't come from a book. It is something we should strive to build up in the heart of every student of Hamlin High.

PIPERS TAME COWBOYS

Those flashy boys from Hamlin High put their saddles on the wild Cowboys and tamed them by a score of 31 to 20. The Pipers led throughout the game, the Swenson boys placed four of their men on the all-tournament team at Roby, but they just couldn't cope with the silken

parents last Tuesday evening, Jan. 28. Apple candle holders with red candles placed on red and white hearts carried out the Valentine theme on the table. After the chili supper, the class went to the theatre.

Class mothers and fathers sponsoring the chili supper and party were: Mr. and Mrs. Ira Clements, Mr. and Mrs. Joe Culbertson, Mr. and Mrs. Bill Rountree, and Mr. and Mrs. I. R. Witt. Class sponsors are Robert Campbell and Miss Avaleen Murphree.

Invited guests were Supt. Gordon Bennett and Principal Hubert Morton.

Reporter, Dean Witt

ball handlers of the Piper aggregation. Petty was high point man for the Pipers with 12 points.

HAMLIN BAND GIVES FIRST CONCERT

The Hamlin High school presented its first band concert Monday evening in the school auditorium under the direction of Mr. Clyde Smith.

The first semester band composed of forty-two members, presented the following numbers:

"Footlights Overture" — G. E. Holmes.

"Carnival Parade March" — Glen Morton.

"Serenade" — G. E. Holmes.

"At the Rally, March" — Glen Morton.

"Argentina, Intermezzo" — J. Olivadote.

"Pompous Major, March" — J. Olivadote.

"Starlight, Serenade" — J. Olivadote.

"Russian Overture" — N. Glazovoff.

"Trombone, Toboggan, Novelty" — E. Weber.

At the finish of these numbers, the second semester band was assembled with first semester band, forming a sixty-three piece band. The numbers played were:

"Organ Melody" — Ed Chenette.

"Promotion March" — Ed Chenette.

"Song of the Rose" — E. Weber.

"Village Chapel" — M. H. Ribble.

"Airport, March" — R. B. Eisenberg.

After the program, the Band Association met for the first time. This organization will help the band in many ways.

Everyone enjoyed the first concert and all are looking forward to the next one.

HAMLIN HIGH LOSES

MANY STUDENTS

Hamlin High regrets the loss of some of its most outstanding students who have moved to various places.

Jess, Jr., and Orlena Treadwell have moved to the neighboring town of Anson. Orlena was freshman queen in 1939. Jess, Jr., was escort of the Home Ec queen in 1940.

Donley Williams, who also moved to Anson, is an outstanding student. He was on the honor roll the third six weeks.

Bobby Joe Burns, a junior, has moved to California.

Frances Shelbourne, who has held several class offices in her high school years, has moved to Snyder. She was also member of the Pep squad and Glee Club. She was one of the highest ranking students in the sophomore class.

Roland Kennedy, a senior, who showed superior ability in science, has moved to Jewett, Texas.

Don O'Neal, one of the freshman heart-beats, has moved to Gorman in East Texas.

NEW STUDENTS ENROLL

Hamlin High has enrolled twelve new students since mid-term.

The seniors are Murleen Lauderdale from Weinert and Eleanor Stephens from Anson.

The sophomore class also has two new members. They are Reba Lauderdale from Weinert and Joe Garrett from Wylie. Joe plans to go out for football training in the spring.

The largest number of new students are found in the freshman class. Billy June Caffey from Plainview happens to be related to Mr. Glen Caffey, our science teacher.

Other freshmen are Catherine Branscum from McCauley, Dan Stephens from Anson, Dollie Grimes from Flat Top, Willie Dee and Clayton D. Rankin from Hitson, Earl and Christine Badgett from Lubbock. Earl plans to go out for football.

JUNIOR PLAY

The annual Junior play, "Problem Father," is now in its making. Everyone is beginning to learn his part with the direction of Mrs. Heflin Miller and the two class sponsors, Miss Smyers and Miss Blake.

Mrs. Miller is well known for her dramatic work in Hamlin. She is a very lovable person with a

HENRY Shipp

For

"Pay Cash and
Pay Less" At

SHIPP'S

great deal of patience as is evidenced by her work on this play. Last year the junior play, which was a great success, was directed by Mr. Mrs. Miller predicts just as great a success for this one.

It is a three act comedy, built around the problem of "What to do with father." The action is fast and the dialogue is quick and amusing. The play is filled with laughs that give the audience more than the price of admission.

HONOR ROLL FOR

THIRD SIX WEEKS

The following are on the honor roll for the third six weeks:

Seniors—R. A. Dean, Tommy Hill, Joyce Hudson, Marguerite Nobles, and Odean Murphree.

Juniors—Joe Ball, W. D. Bristow and Selma Hassen.

Sophomores—Ellis Benham, Jimmy Clements, Paul Fowler, Phala Davis and Margaret Sellers.

Freshmen—Billy Dean Dunlap.

Those students making all A's except one B are:

Seniors—Harold Fletcher, Helen Barnes, and Charlotte Dillingham.

Juniors—Virginia Hampton, Donley Williams, Inez La Baume, and Clara Spratlen.

Sophomores—Koleta Adkins and Mary Jo Sills.

Freshmen — Charlene Durham, Frances Gardner, Hortense Phoenix and Mary Lee White.

THE SNEAKER

I think some of the teachers' watches must be wrong.

Any how, one of them dismissed a class at the ringing of the Janitor bell the other day. I won't tell who it was, but she teaches senior English.

Could our hero, Bill Scott, be in what we call "Starting for love?" We notice that he and Wanda Bowen are rather friendly in bookkeeping class as well as around his locker.

The Sneaker would like to know where Skinny Lassiter, and Dan Stephens go when they dress up. They even put on ties and coats. I would like to know who the girls are.

We have noticed a new romance is building. Aaron Mallonee seems to be quite fond of Geneva Huling.

The Sneaker might have been seeing things Tuesday night, but he saw Elmer Feagan at the show with Joyce Hudson.

I wonder why Tommy Hill came into the library the fifth period on Thursday? Did he really want to use the typewriter or could someone from Stamford have had anything to do with it?

Carl Barton, be careful or one of Uncle Sam's boys is going to beat your time.

I wonder who the girl was that G. W. Turner and Dub Wilemon wanted a letter typed to.

I wonder who was visiting Mary Jo Price and Helen Barnes from McCauley Saturday night.

More hearts will be broken on Monday when McMurphy starts enrolling for the second semester. The Sneaker also had his eyes as well as ears open Saturday night.

Camp Bowie seems to be quite popular with H. H. S. The Sneaker has inside information that a large number of Hamlin girls write to that place. "Gee! Wish I were in the army!"

I wonder whom Charles Carter took to the President's Ball.

J. C. Bledsoe—"They've 'Gone With The Wind.' "

Clubs-Society

Miss Dorothy Watson And Archie Nail Married Saturday

Miss Dorothy Watson and Archie Nail were united in marriage Saturday night at 9:00 o'clock in the home of Rev. L. K. Malone, east of Hamlin. The ceremony was read by Rev. Malone in the presence of a few friends who accompanied the couple to his home.

Mrs. Feagan Entertains Colonial Contract Club

Mrs. Elmer Feagan entertained members of the Colonial Contract Club in her home Tuesday afternoon, including as guests Mrs. Joe Cufbertson and Mrs. C. C. Prater. Yellow snapdragons and fern decorated the rooms where games of contract were played. High scores were made by Mrs. Prater and Mrs. B. M. Brundage. At the conclusion of the games pecan pie ala-mode and coffee were served. Members present were Mes. B. M. Brundage, Alford Harden, Paul A. Fowler, Frank Waggoner, and J. E. Moody.

Mrs. Ray Jones Hostess To Club

Mrs. Ray Jones was hostess to the Treces Senoras Club in her home Tuesday afternoon. A Valentine motif was attractively used in decorations and appointments and repeated in the refreshment plate served at the tea hour. In games of bridge Mrs. Bill Rountree held high score. Others playing were Mes. Clinton Barrow, M. T. Hudson, Willard Maberry, L. H. McBride, Landon Davis, S. H. Campbell, Roy Gilbreath, Otis Hopper, Ted Biedsoe, Dick Low and Q. Martin.

HERE IS A BIBLE CAKE RECIPE

This is a delicious cake and should you desire, cut the amounts in half for a small family. Pecans or walnuts can be substituted for blanched almonds. This cake should be baked slowly in a medium oven and keep in a covered jar.

- 4 1-2 cups fine flour—1 Kings 4:22.
 - 1 cup butter—Judges 5:25.
 - 2 cups sugar—Jer. 6:20.
 - 2 cups chopped raisins—1 Sam. 4:25.
 - 2 cups chopped figs—Nahum 3:12.
 - 2 cups blanched almonds—Numbers 17:8.
 - 2 tablespoons honey—1 Sam. 4:13.
 - 1 level teaspoon salt—Lev. 2:13.
 - 6 eggs—Jer. 17:11.
 - 1-2 cup sweet milk—Judges 4:19.
 - 2 teaspoons baking powder—Mos 4:5.
 - 2 teaspoons spices—11 Cron. 9:9.
- This is submitted by Walter Ash, Hamlin.

Mrs. F. E. Barnes Hostess to Club

Mrs. F. E. Barnes was hostess to the Optimissus Club in her home Friday afternoon, January 31, with three tables of "42".

A Valentine theme was emphasized in game appointments and was also featured in the attractive plate served at the tea hour.

At the conclusion of the games, Mrs. G. P. Odom and Mrs. Walter Dean held a tie for high score. Others playing were Mes. J. B. Richardson, H. V. Brown, Lonnie Gibson, Pat Marlow, Allen Nelson, Garland Feemster, Ray Maberry, J. H. McCray, L. B. Maberry and the hostess.

Mrs. E. J. Whaley Honored With Tea

Mrs. Earl Whaley entertained in her beautiful country home, Tuesday afternoon with a tea, honoring her daughter-in-law, Mrs. E. J. Whaley, who before her marriage January 10, was Miss Lucille Gentry of Anson.

A pastel color theme was featured in decoration and appointment.

In the living room the mantel was centered with a pottery Dutch slipper, filled with sweet peas and snapdragons in pastel shades and lighted with green candles in pottery holders.

The tea table was covered with lace cloth and centered with an arrangement of pink and white sweet peas, snapdragons and cyclamen. Green candles burned in crystal holders. The same floral effect was used on the buffet which was also lighted with green candles.

Guests were welcomed by Mrs. J. L. Keen, who directed to the hostess, Mrs. Earl Whaley, who presented the honoree, Mrs. E. J. Whaley. Others receiving were Mrs. Sid Gentry, mother of the honoree, Mrs. C. A. Baucum and Mrs. Dan L. Littlefield, of Anson.

The register was in charge of Mrs. J. W. Jenkins and Mrs. John Whaley presided at the silver coffee service. Assisting her in serving were Mes. Audrey Hodnett, Wilson Howell and E. H. Jenkins.

Goodbyes were said by Mrs. Bert Whaley.

We are told that a certain member of the club has a sticker on the rear window of his car which reads: "This car stops for blondes, and will back up for red-heads."—Fort Worth Rotagraph.

CLARENCE GARRETT, Prop.

CONGRESSMAN SAM RUSSELL

Washington, Jan. 25—(Special) The Democratic Committee on Committees announced the appointment of Congressman Sam Russell to membership on five leading committees of the House. They are: Irrigation and Reclamation. District of Columbia. Claims. Invalid Pensions. Election No. 3.

Of the five appointments given Congressman Russell, one of them—Irrigation and Reclamation—deals constantly with legislation vitally affecting his district, the 17th of Texas, while the other four handle legislation more National in scope.

The committee on Irrigation and Reclamation is concerned with soil depletion, erosion and similar agricultural problems and membership on it is one of the most sought appointments in Congress, particularly by Congressman representing districts where the need of farmers and land owners is so apparent as it is in the twelve counties involved in the district of Congressman Russell.

The four remaining committees which Mr. Russell has been assigned are likewise important in that they will deal with many important items of government that require a close study of the law.

As one of the new members of the 77th Congress Mr. Russell feels highly elated over the important committees that have been given him and it will be his aim to see that the interests of all portions of his district are properly looked after at all times.

Girls Are Advised To Build-Up For Relief

Lack of knowledge causes many a weak, undernourished girl a lot of suffering!

Many others, however, know how the headaches, nervousness, cramp-like pain of functional dysmenorrhea due to malnutrition are helped by the proper use of CARDUI.

Some take it a few days before and during "the time," to help ease periodic distress. But CARDUI's principal use is to help increase appetite; stimulate the flow of gastric juice; so aid digestion, assist in building up physical resistance and thus help reduce periodic distress. Women have used CARDUI for over 50 years.

WISE CHAPEL School News

Thursday evening about 2:30 o'clock, Hamlin's junior basket ball boys came out to play our ball boys. The scores were 6 to 28 in our favor. Friday night Wise Chapel players went to Anson and played a series of games with Plainview, Pleasant Hill and Union. The outcome of the games are follows: Wise Chapel junior boys beat Union 2 to 5. The Wise Chapel volleyball girls beat Plainview girls by winning 2 out of 3 games. Pleasant Hill boys beat Plainview boys in basket ball and Pleasant Hill basket ball girls won over the Union girls.

Friday and Saturday the Wise Chapel junior boys will go to Anson and play in the University Inter-scholastic league tournament.

The majority of the pupils went to see "Gone With The Wind" during Wednesday, Thursday and Friday.

Demonstration On Friday, February 7

Please put this date on your calendar as a very important demonstration will be held on that date.

THE PLACE—M. E. Hudson's farm, located about 1 mile northwest of Anson on Hamlin highway.

THE TIME—Beginning at 9 A. M., February 7, and lasting until about 3 P. M.

THE PURPOSE—The purpose of this demonstration is to show the farmers how they can build terraces with ordinary farm equipment and with other types of small equipment. It has been found that farmers can build their own terraces with one-way plows, disc plows, and mold board plows at a cost which any farmer can afford. The average cost of building a mile of terraces with hired equipment is approximately \$40.00. Did you know that you could do this job yourself at a cost of from only \$6.00 to \$12.00 per mile by using your own tractor, and farm equipment? This is not counting depreciation of equipment. Come to this demonstration and you can see how you can do this. At the demonstration you will see different types of plows at the job of building terraces.

Don't forget the date—Friday, February 7th. Come early and see the job from start to finish.

Floyd Lynch, County Agent

What would you do if: Someone told you to walk on all-fours, or someone wired your brother you were seriously ill, or everyone thought you were mentally deranged? See PROBLEM FATHER—Junior Play, Feb. 21st.

BAPTIST CHURCH

"When Will God Bless America?" This question will be discussed by the pastor Sunday night, 7:30. We sing with great fervor "God Bless America." Let us show from the Bible WHEN God can answer the prayer contained in this popular song.

Sunday morning we would like to have 325 in Sunday School. Sunday will close out the first year's work of the present pastor, and we urge you to be in Sunday School. A special offering will be taken for our work in the training camps Sunday morning. Texas Baptists want to raise \$50,000 for this cause. Let's have a worthy part.

H. E. EAST, Pastor

CHURCH OF CHRIST

Mat. 5:14, 16, "Ye are the light of the world. Let your light so shine before men, that they may see your goods works, and glorify your Father which is in Heaven."

Light is to be seen, not heard. If you are really a Christian, you will not have to tell everyone about it. They will know it by the life that you live.

You are invited to attend services at the Church of Christ.

Minister Luther G. Savage

Carmichael Chevrolet Co.

HAMLIN, TEXAS

WE ALL NEED THIS PATROLMAN

Safety experts declare the standard driver's license law now before the Legislature will protect farmers and rural motorists who suffered a 31 per cent increase in traffic deaths last year. Automobile accidents during 1939 and 1940 killed 3,300 Texans and injured 70,000 others—

POT SHOTS FROM McCAULLEY

— BY GEO. DARDEN —

Well here are again Sunday night and home from Camp Berkeley, and folks it has really rained down there this week. About four thousand men were layed off for a couple of days and there are very few working during this rainy weather. The camp is a muddy place, this is when you get off the pavement. McCauley men working at Camp Berkeley are: R. Humphries, J. I. Parker, L. B. Miers, Ralph Bishop, John Dean, Geo. Darden and possibly others that we have failed to see down there. In fact, there are so many people working in a space of a little over two thousand acres that it is an accident if you happen to stumble up on some of the boys from the old home town.

Mr. and Mrs. L. E. Rector were shopping in Abilene last week, and we were glad to see them there. It is funny how a fellow is always looking for home folks.

Mrs. Ted Abbott and Mrs. Bill Fancher were in Abilene last week visiting Mrs. Abbott's daughter, Bettye Jo.

We are very sorry to learn of the death of little Bobby Meeks who died last week. A saddened community will greatly miss such a fine little man.

Mr. and Mrs. Marvin Rhoton and children were visiting kinsmen in Abilene Sunday.

Peggy Darden of Abilene visited in the home of the Geo. Dardens Sunday night.

Mr. and Mrs. R. L. Miers made a trip to Dumus, Texas, last week to visit Mr. and Mrs. Roy Miers.

Howard Miers of Lamesa was visiting his parents, Mr. and Mrs. S. E. Miers last week.

The senior basket ball girls of McCauley won the basket ball tournament at Avoca last week.

Helen Smith and Mrs. Hopkins have opened the Darden Cafe and you can still get those good hamburgers and hot chili in McCauley.

Everybody is glad of the fine rain and good prospects for a crop this year is in the making.

Folks, if you have any news for this column, please hand it to the wife or daughter and we will write it for the Herald each Sunday night.

To those of you wishing to see Camp Berkeley—it is impossible to get into the camp unless you work there, but you might get there if you stay out of a traffic jam. That is, you can see the buildings from the highway.

O-O-O-O

Mr. Willkie is in England seeing for himself the horrors of War and we feel sure when he returns to the States that he will be one hundred per cent for aid and more aid for England. Hitler talked pretty sassy in his speech the other day but his bluffing won't scare the American people and if he so decide to sink a ship for Uncle Sam, well, folks from the way we see it, it will be too bad for Dictator Hitler. The Nazi propaganda machine has done a good job in leading the German people to believe that Adolf was a Godsend to Germany, but as far as America is concerned, he is nothing more than a house painter with the big head. Those who live by the sword shall die by the sword and as for Mr. Hitler—he might read the Bible and find out a few things for sure.

A Gentle Laxative Good For Children

Most any child who takes this tasty laxative once will welcome it the next time he's constipated and it has him headachy, cross, listless, with bad breath, coated tongue or little appetite.

Syrup of Black-Draught is a tasty liquid companion to the famous BLACK-DRAUGHT. The principal ingredient is the same in both products; helps impart tone to lazy bowel muscles.

The Syrup's flavor appeals to most children, and, given by the simple directions, its action is usually gentle, but thorough. Remember Syrup of Black-Draught next time. Two sizes: 50c and 25c.

Ray Alderson And Dance Orchestra

STAMFORD—Ray Alderson and his famous orchestra, direct from leading clubs and ballrooms in Iowa, Minnesota and Wisconsin, is opening a ten weeks engagement on every Wednesday night at the Padio Club in Stamford.

This orchestra is the finest attraction ever brought to this section of Texas. Featured are: Ray Alderson, maestro and saxophone. Vocals by Wayne Lucas; Alex Ashby on the accordion vibraharp; The Triple Tonguing Trumpet Trio and the smooth, sweet music of this famous orchestra.

This fine orchestra is making its third annual tour of Texas and will be at the Padio Club next Wednesday and every Wednesday until April 9th.

Happiness is like jam, you can't even spread a little without getting some on yourself.

The Herald has a letter from Cecil Eivens, formerly in Hamlin's bank, saying he and his wife had moved from Lubbock to Wichita Falls, where he is with the Production Credit Association.
